

Game Option 1

THE PRICE IS RIGHT: BABY SHOWER EDITION

Playing The Price is Right is easy in a Zoom format. We've created a PowerPoint presentation with pictures of baby items. The goal for your guests is to guess the amount that the item costs without going over the price.

For example: an item costs \$19.99. Myra guesses \$14.99, Suzy guesses \$21.50, and Joe guesses \$10. Myra would win the round because she got the closest without going over the price.

Here's how to play this game during your virtual baby shower:

1. Start by watching the video called "How to share your screen on Zoom"
2. Open the PowerPoint presentation titled "POWERPOINT price is right game"
3. Share your screen and press present so your guests can see the first slide with the directions
4. Click through the slides one at a time, asking your guests each time to write down how much they think the item costs.
5. Once you have finished, share the answers below and have your guests grade themselves. Remember the winner is the person who gets the closest **WITHOUT** going over the price.

Answers

Mockingbird brand single to double stroller: \$395

Exersaucer brand Woodland Wonder Lightweight Activity Jumper: \$99.99

Honest brand box of diapers: \$52.95

Boppy brand nursing pillow: \$40
